

## **Call for Abstracts for poster and oral presentation at the 11th Annual European CME Forum**

### **Eligibility**

The content must be pertaining to, or of direct relevance to the practise of IME/CME — the content need not be Europe-specific, but it would be helpful if lessons can be applied in the European sphere.

The contribution must not promote a company, product or service or be promotional in nature.

The presenter must be the primary author of the abstract and a registered delegate for the 11th Annual European CME Forum (#11ECF).

The research, study, case study, or presentation must fall into one of the specified Themes that #11ECF is structured around: Techniques to Promote Change, Management of CME Processes and Systems and Tools and Engines.

There may be the additional opportunity to present the poster as an oral presentation should it fit with the meeting agenda. In this case the presentation must be delivered by the primary author, address a relevant topic within the identified session, and be no longer than 10 minutes when executed. As #11ECF will be certified for CME credit, if the abstract is selected for oral presentation, the presenting author will need to complete the financial declaration and disclosure process.

### **Process**

Submissions must be received by **Monday 1 October 2018**. The entries will be reviewed by the Session Chairs under the Chairmanship of the Editor-in-Chief of the Journal of European CME (JECME).

Participants will be notified of the result by email on **Monday 8 October 2018**.

Subject to meeting the journal requirements, contributions (or adaptations) will be invited for publication in Journal of European CME.
